CONSTRUCTION NEWS.

PLANS AND SPECIFICATIONS ON FILE.

The following Plans (P.), Specifications (S.), and Bidding Sheets (B. S.) may be seen at the office of The Engineering News Publishing Co., 220 Broadway, New York:

Bids close.	Work.	Place.	On file.	See issue.
Dec.				
*29	Irrigation canal	S. F'ncisco, Cal.	P. & S.	11-23
*	—Steel rolled beams	New York	S.	10-12
Jan.				
*2	Water system	Manila	P. & S.	9-21
*4	Garbage crem't'y	Lexington, Ky.	S.	11-30
*12	Sewer system	Manila	P. & S.	9-21
*15	Irrigation canal	Billings, Mont.	P. & S.	12- 7
16	Pipe sewers	Boston, Mass.	S.	11-23
20	Dredging	Guantanamo, Cuba	S.	12-21
Apr.				
*2	Port works	Chile	P. & S.	5- 4
5	Wharves	Manila, P. I.	P. & S.	12-14

*Work advertised in Engineering News.

NOTE—We are desirous of securing specifications and bidding sheets (and plans when not too bulky) of pending work for file in our New York office for the benefit of contractors or others who may be interested in the work. If more sets than one are sent us we shall be pleased to distribute these to contractors who ask for them. When the work is advertised in Engineering News a note that the plans are filed with us will be added to the advertisement without cost.

LIST OF CONTRACTS PENDING.

Bids close. Work. Place. See issue.

LIGHT, HEAT AND POWER PLANTS.

Dec. 30. Electric light fixtures, etc., Vancouver Barracks, Wash ..... Dec. 21
Jan. 2. Electric light plant, Tallapoosa, Ga. ..... Dec. 21
Jan. 5. Electric wiring, Washington, D. C. ..... Dec. 7
Jan. 5. Park lighting, Milwaukee, Wis. ..... Dec. 7
Jan. 15. Electric light plant, Argenta, Ark. ..... Dec. 21
Advertised, Eng. News, Dec. 21 to Jan. 4.
No date. Gas plant, Mains, Elkader, Ia. ..... Dec. 14

BRIDGES.

Dec. 21. Bridges, Paxton, Ill ..... Dec. 14
Dec. 21. Bridge, Woodbury, N. J. ..... Dec. 14
Dec. 22. Bridge, Carlisle, Pa. ..... Dec. 7
Dec. 26. Bridges, Hastings, Neb. ..... Dec. 21
Dec. 27. Bridge, Norristown, Pa. ..... Dec. 7
Dec. 28. Bridges, Redfield, S. Dak. ..... Dec. 14
Dec. 28. Two bridges, Richmond, Ind. ..... Dec. 14
Dec. 29. Bridge, Kilbourn, Wis. ..... Dec. 14
Jan. 1. Steel bridge, Pensacola, Fla. ..... Sept. 28
Jan. 1. Bridge, steel, Pensacola, Fla. ..... Nov. 2
Jan. 2. Steel bridge, Duluth, Minn. ..... Nov. 30
Jan. 2. Bridge, Manitowoc, Wis. ..... Dec. 14
Jan. 2. Bridge, Zim, Minn. ..... Dec. 21
Jan. 2. Bridges, Lyndon, Kan. ..... Dec. 21
Jan. 3. Bridges, Oberlin, Kan. ..... Dec. 21
Jan. 3. Bridge, Pittsburg, Pa. ..... Dec. 21
Jan. 3. Bridge, Cheyenne, Okla. ..... Dec. 21
Jan. 4. Bridges, Salem, Mass. ..... Dec. 7
Jan. 5. Bridges, Vermillion, S. Dak. ..... Dec. 21
Jan. 8. Bridge, Akron, O. ..... Dec. 21
Jan. 9. Steel bridge, Chattanooga, Tenn. ..... Dec. 7
Advertised, Eng. News, Dec. 7 and 14.
Jan. 9. Bridges, Brookings, S. Dak. ..... Dec. 14
Jan. 23. Bridge, Belgium ..... Nov. 2

BUILDINGS.

Dec. 21. Electric wiring, Rome, N. Y. ..... Dec. 14
Advertised, Eng. News, Dec. 14 and 21.
Dec. 21. Building wing, New York, N. Y. ..... Dec. 14
Dec. 21. Office building, Philadelphia, Pa. ..... Dec. 7
Advertised, Eng. News, Dec. 7 and 14.
Dec. 22. Heating, etc., Prescott, Ariz. ..... Nov. 30
Dec. 26. Hospital, New York, N. Y. ..... Dec. 14
Dec. 26. School, Toledo, O. ..... Dec. 14
Dec. 26. Alterations, New Rochelle, N. Y. ..... Dec. 21
Dec. 26. School, Flushing, N. Y. ..... Dec. 21
Dec. 26. School, New York, N. Y. ..... Dec. 21
Dec. 27. Fire house, New York, N. Y. ..... Dec. 21
Dec. 28. Completing court-house, Greensburg, Pa. Dec. 21
Dec. 29. School, Pittsburg, Pa. ..... Dec. 21
Dec. 30. Stable, Fort Assinniboine, Mont. ..... Dec. 7
Advertised, Eng. News, Dec. 7 to Jan. 4.
Jan. 1. Court-house, Kentland, Ind. ..... Dec. 14
Jan. 1. Building, Goldsboro, N. C. ..... Dec. 21
Jan. 2. Building, Paris, Tex. ..... Dec. 21
Jan. 2. Court-house addition, Tampa, Fla. ..... Dec. 21
Jan. 2. Buildings, Riverside, Cal. ..... Nov. 30
Jan. 4. Post-office, Natchitoches, La. ..... Nov. 16
Advertised, Eng. News, Nov. 16 and 23.
Jan. 4. Library, Bloomington, Ind. ..... Nov. 23
Advertised, Eng. News, Nov. 23.
Jan. 5. Electric systems, Washington, D. C. ..... Dec. 7
Advertised, Eng. News, Dec. 7 to Jan. 11.
Jan. 5. Heating system, etc., Washington, D. C. ..... Dec. 7
Advertised, Eng. News, Dec. 7 to Jan. 11.
Jan. 5. Heading, etc., Washington, D. C. ..... Nov. 30
Jan. 5. Elevators, Washington, D. C. ..... Dec. 14
Advertised, Eng. News, Dec. 14 to 28.
Jan. 5. Steam heating, Laramine, Wyo. ..... Dec. 14
Advertised, Eng. News, Dec. 14 and 21.
Jan. 8. Glazing, etc., Washington, D. C. ..... Dec. 14
Advertised, Eng. News, Dec. 14 to Jan. 4.
Jan. 9. Building, Cincinnati, O. ..... Dec. 21
Jan. 10. Post-office, Reno, Nev. ..... Nov. 16
Jan. 11. Fire station, Delaware City, Del. ..... Dec. 21
Advertised, Eng. News, Dec. 21 to Jan. 4.
Jan. 15. Building, So. McAlester, Ind. T. ..... Nov. 23
Jan. 16. City hall, Newark, N. J. ..... Dec. 21
Jan. 31. Library plans, Toronto, Ont. ..... Nov. 23
Feb. 1. Library, Edgerton, Wis. ..... Dec. 21

WATER SUPPLY AND IRRIGATION.

Dec. 21. Pumping machinery, Fort Wayne, Ind. ..... Dec. 14
Dec. 21. Mains, grading, etc., Avalon, N. J. ..... Dec. 7
Advertised, Eng. News, Dec. 7 and 14.
Dec. 22. Boilers in pumping station, Chicago, Ill. Dec. 14
Dec. 22. Water mains, New York, N. Y. ..... Dec. 14
Dec. 28. Water mains, New York, N. Y. ..... Dec. 21
Dec. 29. Irrigation canal, San Francisco, Cal. ..... Nov. 2
Advertised, Eng. News, Nov. 2 to Dec. 28.
Dec. 30. Pumping engine, Washington, D. C. ..... Dec. 7
Advertised, Eng. News, Dec. 7 and 14.

RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

ATLANTIC COAST LINE.—Work is in progress on an extension of the Jacksonville & Southwestern from Anderson, Fla., northwest to Perry and the Aucilla River. It is expected that this will be completed by next June. E. B. Pleasants is Ch. Engr., at Wilmington, N. C.

ATCHISON, TOPEKA & SANTA FE.—The San Francisco "Chronicle" states that the Midway extension of the Santa Fe to McKittrick, Cal., is to be a joint railroad built by the Southern Pacific and Santa Fe, and the work of construction over one of two surveys is to be begun at once. The question whether the Southern Pacific survey or the Santa Fe survey will be accepted as the route of the road will have to be decided.

ARIZONA & CALIFORNIA (Santa Fe, Prescott & Phoenix Ry.)—We are advised that company has laid 45½ miles of new road between Jan. 1 and Dec. 31, 1905. Part of this work is now under construction. GRANT BROS. CONSTRUCTION CO., of Los Angeles, Cal., is the general contractor. There are now being surveyed 49 miles of projected line, from Mile Post 60 to Parker, Ariz. W. A. Drake is Ch. Engr., at Prescott, Ariz.

ATCHISON, TOPEKA & SANTA FE.—The McCabe & Steen Construction Co., of De Ridder, La., announces that it desires contractors for 50 miles of new work on Santa Fe extension from De Ridder, La., east. Work runs about 20,000 yds. per mile, very evenly divided. Cut and fill; pay both ways. Supplies can be delivered close to line by team road. Very low rates on laborers and outfits. Profile and all information at company's office at De Ridder.

BOISE VALLEY.—The stockholders of the Boise Valley Ry. Co. have arranged to organize a construction company with a capital of $250,000.

BUFFALO, TAYLORSTOWN & STATE LINE.—Company is reported to have been chartered in Pennsylvania to build from Taylorstown into West Virginia, connecting with a railroad partly built out of Wellsburg along Buffalo Creek to Tate Run, to be used as a coal road. N. O. Brownlee, of Claysville, Pa., is said to be interested.

BANGOR TERMINAL.—Linwood C. Tyler, Pres., Bangor, Me., states that this company, which was recently granted a charter, proposes to build a road from Bangor to Hermon, a distance of six miles. C. H. Coombs is Ch. Engr., at Bangor, Me.

BRANCH MINT RAILWAY.—Incorporated in South Dakota to build a railroad, five miles long, from Galena, Lawrence County, to the mines of Branch Mint Mining & Milling Co. Capital stock, $100,000. Incorporators: Jas. D. Hardin, Charles S. Hardin, Thomas McKay, J. C. Hartman and Norman T. Mason. Headquarters are at Galena, S. Dak.

CLEVELAND, CINCINNATI, CHICAGO & ST. LOUIS.—Bids will be received until Jan. 1, noon, by Wm. M. Duane, Supt., Cincinnati, O., on grading as follows: St. Louis Division: Double-track roadbed for grade reduction from Indianapolis to Delmar, Ind., and double-track roadbed for relocation Delmar to Lena, Ind., a total of about 4,000,000 cu. yds. of earthwork. Cincinnati Division: Double-track roadbed for relocation Middletown to Miamisburg, O., 600,000 cu. yds. of earthwork. This call for bids replaces the one noted last week. (Advertised, Engineering News.)

CHICAGO, MILWAUKEE & ST. PAUL.—It is reported that McINTOSH BROS., of Milwaukee, Wis., have been given the contract for building the extension from Evarts, S. Dak., to the Pacific Coast. Contract for steel rails has been awarded to the UNITED STATES STEEL CO. Noted on Dec. 7.

CONNELLSVILLE, UNIONTOWN & WHEELING.—It is reported that a charter has been granted in Pennsylvania to this company. The line is to be 75 miles long. Capital stock is $750,000. The incorporators are H. B. Voorhees, J. G. Richardson, T. B. Franklin, H. S. Benedict, W. J. Williamson, J. J. Foster, J. J. McCann, W. B. Lynn and E. H. Stein. W. B. Lynn is the Pres. and H. B. Voorhees, J. C. Richardson, T. B. Franklin, H. S. Benedict, W. J. Williamson, E. H. Stein are the directors, all of Philadelphia, Pa.

CALIFORNIA INLAND EMPIRE.—Company has been organized to build a railroad from Olspar, Wyo., westerly through Wyoming and Idaho to Oregon state line and thence to Alturas and Sausalito, Cal. Frank L. Evans, of San Francisco, Cal., who is interested in the promotion of the project, has applied to Town Trustees of Sausalito for right-of-way. The San Francisco "Call" states that the company will be incorporated with a capital of $70,000,000 under the laws of Arizona and will be backed by leading Eastern capitalists. The road will run from Boise City, Idaho, to Sausalito, a distance of 1,800 miles, then by ferry six miles to San Francisco. From a point near Red Bluff, Cal., there will be a branch to Eureka, Humboldt County. A direct route to San Francisco Bay will be practically maintained. It will place the coast in closer touch with the fertile fields of the Palouse wheat district in Washington, tap the lumber and heavily producing mining country. Three large lumber mills in California are owned by the projectors and the railroad will have the ore output of several mines to carry to San Francisco.

DALTON & ALLENDALE.—A charter will be applied for in Georgia for a company which will build a railroad under this name, from Dalton to Fort Mountain, Ga. The incorporators are John D. Follett, of Cincinnati, O.; Robert L. Wayman, of Chattanooga, Tenn.; J. F. Allen, of Murray County, Georgia; J. M. Sanders, J. A. Longley, M. H. Williams, W. R. Cannon, W. M. Sapp, H. C. Hamilton, J. K. Farrar, H. B. Farrar and F. F. Farrar, all of Dalton, Ga.

DEERING SOUTHWESTERN.—This company, which now operates a freight line from Deering, Mo., to Camp, a distance of six miles, has filed an amendment to its charter providing for an extension from its western terminus south in Dunklin County to the state line, about 10 miles. Previously noted. F. B. Montgomery is Gen. Mgr., at 7 Monroe St., Chicago. B. E. Metcalf is Secy., at Deering, Mo.

GAINESVILLE MIDLAND.—The contract for grading this road has been awarded to the GWATHMEY-MACKALL ENGINEERING CO., of Norfolk, Va. The Gwathmey-Mackall Engineering Co. was recently incorporated at Norfolk, Va., by W. W. Gwathmey, Pres.; E. T. Gwathmey, Secy.; C. G. Mackall, Treas., all of Norfolk, Va. Capital stock is $50,000. Objects and purposes: To do a general engineering, contracting and construction business. On Nov. 16 it was noted that a contract had been awarded to the Gainesville & Athens Construction Co., of which W. W. Mackall is Pres., at Savannah, Ga., to build an extension from Jefferson to Athens, Ga., 19 miles. Stockholders recently voted to increase the capital stock from $250,000 to $550,000. E. L. Douglass is Gen. Mgr., at Gainesville, Ga.

GRAND TRUNK Company may double-track its line between St. Hubert and Ste. Rosalie, Que., 28 miles.

INDIAN TERRITORY.—The Duncan Ten Thousand Club of Duncan, Ind. T., will negotiate for the construction of a railroad into the city. B. F. Ridge is Chn., and R. A. Edwards, Secy. Executive committee are J. W. Whisenant, J. N. Duncan, A. R. Biggs, Frank Fuqua, R. J. Allen, J. T. Doak and W. I. Gilbert.

KINGMAN COAL & MINING COMPANY.—It is reported that this company, which has been incorporated in Indiana with a capital stock of $1,000,000, and which owns 3,000 acres of coal lands in Parke and Fountain Counties, plans to build a railroad from Crawfordsville, Ind., west to Danville, Ill. William G. Earle, of Chicago, Ill., is Pres. of the company.

KANSAS CITY, MEXICO & ORIENT.—M. P. Paret, Ch. Engr., Kansas City, Mo., has announced, according to an exchange that the K. C. M. & O. will have laid track as follows by the end of the present year: "Between Fairview and Custer City, Okla., 50 miles; between Sweetwater and Knox City, Tex., 75 miles; between Las Trancas and San Sostencs, east of Chihuahua, State of Chihuahua, Mexico, 41 miles; between the Guerro River and Bocoyna, in State of Chihuahua, Mexico, this being west of Chihuahua and west of Minaca, 50 miles; between Fuerte and Las Hornillas, State of Sonora, ten miles. We may possibly lay more than this and at other points before the end of the year. Next year we expect to complete the line easterly from Wichita, Kan., probably to Emporia, and possibly to Osage City. We also expect to complete the line southwardly from Custer City to a connection with the line coming northwardly from Sweetwater, Tex., so that by the end of 1906 we may have a continuous line from Sweetwater, Tex., to Emporia or Osage City, Kan. In Old Mexico and east of Chihuahua we probably will complete 50 more kilometers east from San Sostenes, if not 100 kilometers. Also, west from Bocoyna we will also probably complete a second 100 kilometers, or say, 60 miles additional in the mountains. On the west coast, easterly from Las Hornillas, during the year 1906, we will probably have the line extended to La Junta, a point about 200 kilometers from Topolobampo. There are strong prospects of our being in a position to finish during the year 1906 several hundred miles more of railroad than as above outlined, but at this time cannot speak definitely."

MUNISING R. R.—This company has amended its articles of incorporation in Michigan so as to provide for the construction of branches from Little Lake station to Austin and Princeton mines, a distance of about seven miles; from near Munising Bay in a northeasterly direction almost parallel with the shore of Lake Superior to a point in Alger County, about 25 miles, and from its main line to a connection with the Delta Lumber Co.'s road in Schoolcraft County, a distance of about 24 miles.

MISSOURI, KANSAS & TEXAS.—It is reported that this company will undertake the construction of between 150 miles and 200 miles of new line with a terminal at Aransas Pass, Tex. The new lines would be located in the eastern section of Texas. J. W. Petheram is Ch. Engr., at Dallas, Tex.

OKLAHOMA & NORTHWESTERN. — A press report states that George Knapp, Pres. of the O. & N. W. Ry., will incorporate the Knapp Construction Co. to build this proposed line from Oklahoma City, Okla., to Kingfisher and also from Chickasha, Ind. T., to Fort Supply, beyond which point the line will run into Colorado. A report from Guthrie, Okla., states that the Texas, Oklahoma & Northwestern Construction Co., of Taloga, Okla., has been chartered with $200,000 capital by Henry Knapp and R. D. Campbell, of New York; Foster Hooper, of Boston, Mass.; George E. Black and H. F. Schwartz, of Taloga; and John Deming, of Guthrie.

QUEEN & CRESCENT.—We are informed that the DAILEY CONSTRUCTION CO., of 940 Drexel Bldg., Philadelphia, Pa., has been awarded the contract for work on this system, at Stearns, Ky., where the headquarters will be located during the work.

QUEBEC SOUTHERN.—This road has been purchased by the Delaware & Hudson Ry. and the construction of a connecting line between Novan Junction and Rouses Point probably will be undertaken. H. A. Holge is Pres., at Montreal, Que. G. C. Dessaulles is Receiver.

SEABOARD AIR LINE.—J. M. Barr, Pres. of the Seaboard Air Line, has denied the press report that the company has let a contract for a line from Sarasota, Fla., to Charlotte Harbor, Fla. This was noted in Engineering News last week.

TEXAS.—The Railroad Commission of Texas, in its annual report, states that 785 miles of road are now in process of construction in that state and will be completed within two years. Work is progressing as follows: Beaumont & Great Northern, Trinity to Onalaska, 25 miles; Galveston, Harrisburg & San Antonio, Stockdale to Cuero, 45 miles; Houston & Texas Central, Mexia to Navasota, 100 miles; St. Louis, Brownsville & Mexico, between Algoa and Refugio, 140 miles; Kansas City, Mexico & Orient, between Red River and San Angelo, 225 miles; Orange & Northwestern, Buna to Newton, 30 miles; Trinity & Brazos Valley Mexia to Houston, 160 miles, and Wichita Valley, Seymour to Stamford, 60 miles. Texas increased in railroad mileage in 14 years 3,091 miles, an average of about 221 miles a year, or 35.7%, while the increase in the United States for that period was 28.8%. L. J. Storey, Austin, Tex., is Chn. of Comn.

UNION PACIFIC.—KILPATRICK BROS. & COLLINS, of Beatrice, Neb., have been awarded contracts for double-tracking the line between Green River and Lookout, Wyo., and between Hancock and Point of Rocks, Wyo., it is reported. The same firm has been awarded the contract for building the Omaha cutoff between Omaha and Fremont, Neb., 12 miles in length. Practically all right-of-way is reported secured for the line which the company proposes to build along the North Platte River in Nebraska, from Hershey to Northport, 118 miles. An extension from Stromberg to Central City, Neb., 22 miles, is proposed.

VANDERBILT TIMBER, MINING & SOUTHWESTERN.—Governor Edward C. Stokes, of New Jersey is reported to be interested in plan to extend the Vanderbilt Timber, Mining & Southwestern Ry., which runs from Tallapoosa to Hopewell, Ala., and which it is proposed to extend through to Montgomery, Ala. George O. Vanderbilt is Pres.

WESTERN PACIFIC.—A press report states that this company has let contracts for building 359 miles and has eleven miles under construction in California, and has also let contracts for 110 additional miles in Utah, divided as follows: From Oakland, Cal., to the California-Nevada state line, 370 miles, and from near Salt Lake City, Utah, to a point near the Utah-Nevada line, 110 miles. The contractors are: THE UTAH CONSTRUCTION CO., of Ogden, Utah, 110 miles in Utah and 174 miles in California; E. B. & A. L. STONE, of Oakland, Cal., 185 miles in California. The company is also making surveys from the Utah-Nevada state line to the Nevada-California line, 420 miles. ARTHUR THORNTON, of New Hope, Cal., is reported to have been awarded a contract for 12 miles of line, beginning at the Mokelumne River and extending toward Stockton, Cal.

CANADA.—See under Electric Railways.

ELECTRIC RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

SOMERVILLE, MASS.—The highway committee of the Board of Aldermen will pass upon the proposed Lowell & Boston Interurban Electric R. R. Co.'s line through Somerville. At a public hearing held on Dec. 14 there was no remonstrance against the proposed erection of 1¼ miles of double track elevated railroad on Myrtle Ave. The railroad company proposes to run trains of three cars, with combination baggage, at a maximum rate of from 50 to 60 miles an hour, from Sullivan Sq., Boston, to Lowell. The structure to be erected in Somerville will be similar to the Boston elevated, except that the roadbed will be of six ins. of crushed stone instead of wooden sleepers. Noted last week. Prof. Wm. L. Hooper and Secretary Harry G. Chase, of Tufts College, Medford, Mass., are interested. Sidney B. Keene is Pres. Bd. Aldermen.

NAUGATUCK, CONN.—The preliminary work on the roadbed for the line which the Naugatuck Valley Electric Ry. Co. is to construct south through the Naugatuck Valley to Beacon Falls and thence to Seymour has begun. It is expected that the line will be ready for public traffic not later than July 1, 1906. The company, which has an authorized capital stock of $1,000,000, is controlled by the Connecticut Railway & Lighting Co., with whose tracks it will effect junctions at both the Naugatuck and Seymour terminals.

NEW YORK, N. Y.—A tentative franchise has been granted by the Board of Estimate and Apportionment to the Bronx, New York & Port Chester R. R. Co. A hearing will be held on Jan. 19, 1906. The company is required to commence work within a reasonable time and to expend at least $1,000,000 within the first five years. It cannot make any sale or mortgage of its property to any street railway system now in existence. No grade crossings are allowed.

NIAGARA FALLS, N. Y.—W. K. Vanderbilt is reported to have confirmed the report that the New York Central & Hudson River R. R. Co. had contracted with the Niagara, Lockport & Ontario Power Co. for electricity to be used in the electrification of the New York Central lines in western New York. The Falls branch, the Auburn road and parts of the West Shore will be electrified.

TRENTON, N. J.—The Atlantic Coast Electric Ry. Co. has been incorporated in New Jersey, with $1,000,000 capital stock, to build an electric railway along the New Jersey seashore. The incorporators are Charles L. Spier, William Evarts Benjamin and Henry H. Rogers. S. F. Hardrigg, of Asbury Park, is representative.

CAMDEN, N. J.—The Pennsylvania R. R. Co. has awarded the general contract to the GENERAL ELECTRIC CO., 44 Broad St., New York City, for equipment and electrification of the Atlantic City & Shore Ry. division. The line is 64 miles in length, from Camden to Atlantic City, N. J. Samuel Reo, Third vice-Pres., at Philadelphia, is in charge of the project. Full details will be given next week.

SEELEYVILLE, PA.—W. A. Heller, Danville, Pa., is reported to be promoting the construction of a new electric railway between Seeleyville and Hawley. The company will be known as the Hawley Electric Railway. The line will be twelve miles in length, from Seeleyville and Hawley, at Honesdale. A charter has been applied for, and it is said that work on the new road in the spring will be begun. The cost will be $100,000.

SHAMOKIN, PA.—The Shamokin & Mount Carmel Electric Ry. Co. is [illegible] for the proposed line between Shamokin and Mount Carmel, Pa. [illegible] Mount Carmel, is Mgr.

SOUTH BETHLEHEM, Pa.—[illegible] an electric railway from [illegible] to Centre Valley was secured [illegible] man, A. L. Cope and W. [illegible] borough, several years ago. [illegible] ported that the project has been revived by Hugh E. Crilly, of Allentown, who would connect with the Philadelphia & Lehigh Valley Traction Co. at Centre Valley.

NORTHUMBERLAND, PA.—[illegible] vised by D. A. Hegarty, Ch. Engr., 26 Broad St., New York City, that the Shamokin, Sunbury & Northumberland County Traction Co. will build an extension from East Lewisburg to Northumberland, Pa. Work will be done by the company's construction department, with offices at 1424 Chestnut St., Philadelphia.

ALTOONA, PA.—We are informed by F. G. Patterson, 427 Fourth Ave., Pittsburg, Pa., Pres. of the Southern Traction Co., that surveys are completed and right-of-way obtained for this line, but not yet secured. Contracts will be let within 60 days. Capital stock is $400,000 to $750,000. The road will be about 20 miles long, extending to Altoona, Hollidaysburg, Duncansville, Roaring Springs, and [illegible]. H. C. Givin, Altoona, is Ch. Engr.

RICHMOND, VA.—PHILLIPS & ALPORT and H. H. GEORGE, JR., have been awarded the contracts for grading and preparation for track laying of the Richmond-Ashland division of the Richmond & Chesapeake Bay Ry. Co. The contract calls for the completion of work by early summer. Both Phillips & Alport and H. H. George are Richmond contractors. The first-named firm has the contract from Brook turnpike to Hungary Road, and H. H. George will complete the road from that point to Ashland. The track laying will be done by forces employed by the Richmond & Chesapeake Bay Railway Co. Wm. Northup is Gen. Mgr., at Richmond.

NORFOLK, VA.—We are advised by M. C. Elliott, Secy. of the Ocean View & Pine Beach Ry. Co., that right-of-way is obtained and surveys completed for this line. Bridge rights also are secured. Sale of this company to northern interests is nearly perfected. H. L. Page, Norfolk, is Pres. It will be five miles long.

MORGANTOWN, W. VA.—We are informed that preliminary survey, maps and two-thirds of right-of-way are secured for the Dunkard Valley R. R. The line is to be about 25 miles long, from Morgantown to Cassville, Blacksville, Wadestown and Manningtown, W. Va. George W. Johnson, Morgantown, is Surveyor. L. Utt is Ch. Engr., at Morgantown. L. L. Thomas is Pres., at Blacksville.

HICKORY, N. C.—The matter of constructing and equipping a street and interurban railway at Hickory, N. C., is in the control of the Municipal Bond & Securities Co., 170 Broadway, New York City.

MOBILE, ALA.—The Mobile Light & R. R. Co. is reported to be planning an extension to Magazine Point via Plateau. H. B. Rockwell is Gen. Supt.

LONG BEACH, MISS.—The town has granted a franchise to the Gulfport & Mississippi Coast Traction Co., for 25 years, to construct an electric line. J. A. Jones, at Gulfport, Miss., is Gen. Mgr.

DEFIANCE, O.—W. P. Engle, Pres. of the Defiance Street Ry. Co., has applied for a franchise to build an extension on Clinton St. to the city limits. This is desired to give entrance to the city for the Cincinnati, Toledo & Detroit Short Line, a portion of which is now under construction. I. W. Miller is Ch. Engr.

CLEVELAND, O.—The Board of Public Service has granted a permit to the Cleveland Electric Ry. Co. to build four loops in the Public Square. Est. cost is $90,000. E. J. Cook is Ch. Engr.

VINCENNES, IND.—KOHLER BROS., of Chicago, Ill., will build and finance the electric railway from Vincennes to Loogootee. W. N. Walmsley is Ch. Engr. for firm of Kohler Bros. A company was organized recently, with a capital of $1,000,000. W. H. Schott, of Chicago, is Pres.; A. F. Cabel, vice-Pres.; S. C. Eskridge, Secy.; Louie Read, Treas.; and A. J. Padgett, Gen. Attorney. J. L. Ebner, of Vincennes, and J. B. Seals, of Loogootee, complete the directorate.

NEW ALBANY, IND.—The Louisville & Northern Ry. & Light Co. has been incorporated in Indiana, with $5,000,000 capital, to build a system of electric lines in Southern Indiana to reach Louisville, Ky., over the line of the Louisville & Southern Indiana Traction Co. The first line to be constructed will be from Jeffersonville to Sellersburg, a distance of 12 miles, and this will be followed by lines to Corydon, French Lick and West Baden, and other lines covering the southern portion of the state.

SPRINGFIELD, ILL.—The construction of the Springfield & Northeastern Interurban Ry., between this city and Lincoln, may be undertaken by George M. Skelly, Pres. of the United States Construction Co., of Springfield.

EAST ST. LOUIS, ILL.—The city council has reported favorably on the ordinance granting the Illinois & Indiana Electric Ry. Co. permission to construct, operate and maintain an electric railway in East St. Louis. The company will construct its lines, beginning at 27th and Market Sts., thence on Market St. to Fourth St., thence on Fourth St. to Broadway. The second line will begin at the city limits and

Falling Ave. to Ave., above track, the sub charge

rings Ave., on Falling Springs nth St., on Tenth St. to Market e it will connect with the line oned. Both lines will be double will be ultimately extended into n districts. W. J. Cracken is in he Engineering Dept.

CHIC ILL.—The Chicago & Milwaukee Ry. Co. has recently completed its li rom Evanston, Ill., to Kenosha, Wis., e connection is made with the line of the waukee Electric Railway & Light Milwaukee. It is said that next spring Chicago & Milwaukee Co. will build wn line from Kenosha to Milwaukee, also an extension south from Evans to a connection with the Chicago street way system, over which its cars will b to the business center of the city. The nt line will also be largely improve d rebuilt next year. F. J. Gerraghty Highwood, Ill., is Ch. Engr.

MES ITE, TEXAS.—A. C. Nafus, of Mesquite reported as saying that work on the osed electric railway from Mesquite to D would begin about January 1.

GUTHRIE, OKLA.—The Logan County Board of Commissioners has granted a franchise to Thomas A. Smith to construct an electric line northward from Guthrie, to be known as the Newkirk, Tonkawa & Southern Electric Railway. The company must deposit a bond for $1,000 before the franchise is effective. The proposed line will run through Logan, Noble and Kay counties, and is intended to connect here with the Guthrie-Oklahoma City Interurban, and at Chilocco with the Gueda Springs Electric line.

CANYON CITY, COLO.—Negotiations have been made between the Canyon City Merchants' Association, and FRANK S. GRANGER, of San Jose, Cal., by which this city is to have an electric railway system connecting it with Florence, seven miles distant, as well as its immediate suburbs. Between 16 and 17 miles of line will be built. Mr. Granger expects to begin work as soon as the necessary franchises can be obtained, and other preliminaries attended to, it is reported.

TACOMA, WASH.—W. S. Dimmick, Mgr., has notified the city officials that the Tacoma Railway & Power Co. has agreed on a plan for extending its Point Defiance line through the business section of Tacoma, at an estimated cost of $80,000.

LA GRANDE, ORE.—Grading will begin at once on the Central Ry. The proposed railway is to be an electric line, beginning at Union, Ore., and circling the valley. It will touch at Hot Lake, La Grande, Summerville, Elgin and Cove, and thence back to Union. No arrangements have been made for power, but it is not thought likely that the company will build its own plant, as the amount of power used the first few years will not exceed 500 HP. The officers of the company are: Alonzo Cleaver, Union, Ore., Pres.; vice-Pres., Charles F. Mitchell, New York; Treas., Charles E. Graham, New Haven, Conn.; Secy., Thomas Madden, New Haven; directors, Alonzo Cleaver, Union; Charles F. Mitchell, New York; Charles E. Graham, New Haven; V. T. Hammer, Bradford, Conn.; D. R. Alling, New Haven; Thomas J. Madden, New Haven; Robert A. Marr, T. W. Davidson and Arthur Browne, of Union.

SAN DIEGO, CAL.—D. C. Collier, Jr., will be granted a franchise to construct a double track electric railway on several streets in this city.

At a recent meeting of the council a street railway franchise in the eastern part of the city was bid in for Lloyd S. Akerman, of San Francisco, for $6,000. The line will run from 25th and B Sts. to City Heights. Two other franchises for street railways were sold, one to E. B. Webster, of this city, and the other to H. A. Howard. Extension for one year was granted on the franchise of the San Diego Eastern Railway Co.

VENTURA, CAL.—It is reported that the Independent R. R. Co. will build an electric railway from Ventura to Santa Barbara. R. A. P. Phillips is Pres.; George Lemcke is first vice-Pres.; E. C. Herlow is second vice-Pres.; and H. W. Lemcke is Gen. Mgr.

CANADA.—The American Consul at Chatham, Ont., in report on railroad construction now in progress or contemplated in the Dominion of Canada, states that "Canada is entering upon a period of extensive railroad building. The extensions that have been undertaken, and to be completed in from three to five years, will cover a total of 7,444 miles and an estimated expenditure of $182,000,000. Contracts have been already let covering 75 per cent. of this total, and the remainder will be put under contract as soon as the surveys are completed. The total mileage and estimated cost of construction is distributed as follows: Canadian Pacific, 1,844 miles, at a cost of $41,650,000; Canadian Northern, 1,280 miles, at a cost of $29,000,000; Grand Trunk Pacific, 3,720 miles, at a cost of $101,000,000; Grand Trunk, 200 miles, at a cost of $4,000,000; Northern Pacific, 300 miles, at a cost of $9,000,000; Toronto to Niagara (electric), 100 miles, at a cost of $4,000,000. In connection with this statement must be noted the beginning of electric railroad building in the peninsula of Ontario, and the indications that it will be greatly extended during the next two or three years. The Chatham, Wallaceburg & Lake Erie Railroad has laid 20 miles of track from Chatham to Wallaceburg this year, and will build 20 miles more from Chatham to Erie Beach next year. Over this line it will operate 20 cars. The Windsor & Essex is securing right of way for a line from Chatham to Windsor, and expects to begin construction work next year. The Windsor, Essex & Lake Shore has a large force of men at work grading between Windsor and Kingsville, and with the exception of three miles of sandy road the work has been completed between Kingsville and Essex. A large gang of men has commenced grading north of Essex, and the contractor expects to have the entire line between Windsor and Kingsville ready for the steel by the latter part of this month. Ties are now being unloaded at Kingsville. Preliminary steps have been taken for the organization of a company to build an electric railway line between Sarnia and London, a distance of about 60 miles. The standard 80-lb. rail will be put down on these roads, and it is estimated that a total approximating 1,200,000 tons will be needed for the work during the next four years, together with 400,000 tons of small sections for ear and locomotive building, switches, trestles, and bridges. The cost of equipping the lines when built is placed at $75,000,000, which, with the cost of road construction, makes a grand total of over $250,000,000. During the coming year Canadian railways will require over 100,000 tons of bridge material for renewing and strengthening bridges. The requirements of the Grand Trunk Railway alone for this purpose will amount to 30,000 tons."

LIGHT AND POWER PLANTS.

The names of parties awarded contracts are printed in capital letters.

WOBURN, MASS.—An ordinance is before the Board of Aldermen, authorizing the establishment of municipal lighting plant.

CENTRAL FALLS, R. I.—Council will take up the matter of appropriating $75,000 for installing a municipal lighting plant in this city.

SYRACUSE, N. Y.—The Syracuse Rapid Transit Ry. Co. has decided to order ten more double-truck cars, of the convertible type, to be delivered next June. The contract for the new transforming station to convert Niagara power for use on this company's system has been awarded to the WESTINGHOUSE ELECTRIC CO., Pittsburg, Pa.

OSWEGO, N. Y.—Council has granted the Citizens' Electric Light Co. a franchise. John C. Knight, of Oswego, is the promoter. When permission is granted to the company by the State Gas and Electricity Commission contracts will be awarded.

CAMDEN, N. J.—The Lexington & Interurban Railways Co. has been incorporated in New Jersey for the purpose of constructing urban and interurban railways, and to establish an electric lighting plant. The capital is $4,000,000. The incorporators, all of Camden, N. J., are John A. MacPeak, F. R. Hansell and Geo. H. B. Martin.

ATLANTIC CITY, N. J.—The Central Passenger Ry. Co. will erect a large new power plant there at Virginia and Mediterranean Aves.

BIRDSBORO, PA.—The E. & G. Brooke Iron Co., of Reading, Pa., will erect an electric light plant on the Schuylkill River at this point.

WASHINGTON, D. C.—Bernard Green, Supt. of the Congressional Library and Arch. of the new buildings to be erected for the Department of Agriculture and for the new National Museum building, has transmitted to Congress preliminary plans for the construction of a power plant with distributing mains for heat, steam and power to the White House, Treasury, State, War and Navy, Washington Monument, Bureau of Engraving and Printing, Post-office, Smithsonian, the present National Museum, Army Medical Museum, and the new Municipal, Department of Agriculture and National Museum buildings. The superintendent estimates that the plant would save annually $115,882. Under existing conditions 85 boilers burn 35,000 tons of coal annually and require 185 men, while under the new system but ten bilers would require 25,000 tons of coal and 90 men. The space recovered would be 600,000 cu. ft. The central plant would be erected at 15th and B Sts., N. W., at a cost of $1,100,000.

ROANOKE, VA.—The Norfolk & Western Ry. Co. will erect a new power house at Bluefield to cost $45,000. J. R. Schick is Engr. of construction at Roanoke.

LURAY, VA.—The Shenandoah River Power & Light Co. has been organized at this place. T. J. Berry, of Luray is Pres. The company is building a dam across the Shenandoah River, two miles west of Luray, which will develop from 600 to 1,200 HP. It will furnish light and power to Luray and Page Counties.

ALEXANDRIA, VA.—We are informed that at a recent meeting of the city council the question arose as to the advisability of disposing of the franchise for lighting the city with electricity to private parties. The Engineering News for October 19 contained the bids received by the council on Oct. 10 from W. T. Barstow, who proposed to set up a separate plant in Alexandria, and from Messrs. Howell & Sinclair, who proposed to obtain power from the Potomac Electric Co., of Washington, D. C. It was voted to indefinitely postpone all action on the lighting question.

CEMENT, GA.—Howard Hydraulic Cement Co., Cement, Ga., is in the market for complete equipment for lighting plant by electricity or other means.

TALLAPOOSA, GA.—Bids are asked until Jan. 2 for machinery, material and installing complete an electric light plant. The proposed plant embraces one 66-in. by 18-ft. high-pressure boiler and stack, one 100-KW. A. C. unit generator belted to Corliss engine, also one generator direct connected to automatic engine; six arcs and 74 50-c. p. series incandescents, 1,000-light transformers and meter capacity and pole line. For specifications, form of proposal, etc., address G. W. W. Shepperd, Mayor, or J. B. McCrary, Engr., Senoia, Ga.

SPARTA, GA.—The contract for the erection of the electric light plant was awarded to the ELECTRICAL SUPPLY CO., of Savannah.

BRIGHTON, ALA.—The Birmingham Ry., Light & Power Co. will establish an electric light plant here.

GADSDEN, ALA.—A municipal gas plant will soon be installed here at a cost of $100,000.

ANNISTON, ALA.—It is reported that the Coosa River Power Co. has been incorporated by Roswell H. Cobb, of Anniston, and others, to develop the water power of the Coosa River, constructing dam and building power house for its transmission by electricity to Anniston and vicinity. The Ambursen Hydraulic Construction Co., 176 Federal St., Boston, Mass., is reported as having made preliminary surveys for a steel-concrete dam and to be the hydraulic engineer in charge of the work.

CINCINNATI, O.—The Cincinnati Gas & Electric Co. has entered into an arrangement with the Triple State Gas Co. to supply natural gas for Cincinnati. A new company is to be formed with a capital of $10,000,000.

ZIONVILLE, IND.—See under Water-Works.

DETROIT, MICH.—Bids were opened on Dec. 11 by the public lighting commission for 202 new enclosed arc lamps, one 150-KW. transformer, and four automatic regulators. The Western Electric Co., of Chicago, was the lowest bidder, at $4,148.

PORTLAND, MICH.—A. E. Dunn, of St. Louis, Mo., is reported to be considering the establishing of a gas plant at Portland for heating and domestic use.

FAIRVIEW, MICH.—THE PENINSULAR LIGHTING CO., of Detroit, has been awarded the contract for lighting the village of Fairview.

DIXON, ILL.—The Chicago "Inter-Ocean" states that another big dam is to be built across Rock River, of concrete and cement, just above Grand Detour by the Sandusky Cement Co. for the purpose of securing electric power for their cement mills east of this city. The plans provide for an expenditure of over $1,000,000.

BRILLION, WIS.—The Brillion Electric Lighting Co. has been incorporated with a capital of $20,000 to establish a new lighting plant here by C. W. Behnke and others of Brillion.

ACKLEY, IA.—The town will soon have a new municipal lighting plant.

BELLEVILLE, KAN.—The citizens have decided to have the city erect a light plant to cost $20,000.

PAOLA, KAN.—We are informed by B. T. Riley, City Atty., that this city "contemplates the purchase of the water plant here and also the construction of an electric light plant, bonds for both of which have been voted. It is contemplated that both plants will be run by one power, and that it will be necessary to consummate the deal with the water company first. In all probability the light proposition will not receive attention before January next. We are hardly ready to consider the sale of bonds as the Water Company will probably receive 20-year 4% bonds in payment for the water plant, unless a better offer is made."

KIRKSVILLE, MO.—The Kirksville Gas, Heat and Electric Co. has filed articles of incorporation. The capital stock is $30,000, one-half paid. The stockholders are: B. F. Henry, Fred Grassle, Charles Sands, F. J. Storm, W. P. Foster and P. C. Mills.

ARGENTA, ARK.—Bids are asked until noon, Jan. 15, for purchase of all material for construction of water-works and electric light plant. Specifications can be had by addressing the O'Neil Engineering Co., 505 North Texas Bldg., Dallas, Tex. Specifications may be seen at office of Engineering News, 220 Broadway, New York city. (Advertised, Engineering News.) Estimated cost is $100,000.

PALESTINE, TEX.—A 50-year franchise has been granted to W. H. McGoldrick and associates of Washington, D. C., for a gas plant.

LAWTON, OKLA.—The council has granted Joseph W. Planck and Northrop Moore, who represent a Kansas City firm, a 20-year franchise to supply the city with manufactured and natural gas. The mayor can give information, it is reported.

SHAWNEE, OKLA.—It is stated that Sinclair Mainland, of Green Bay, Wis.; A. E. Thompson and T. W. Odell, of Oshkosh, Wis., and associates have purchased and will operate the plant of the Shawnee Gas Co. It was reported recently that this company would build a coal, gas, coke and tar plant at a cost of $150,000.

TUMTUM, WASH.—Sparks Bros., of Spokane, Wash., have purchased a site at Tumtum, it is reported, for a power plant.

ARLINGTON, WASH.—See under Water-Works.

BELLINGHAM, WASH.—Water Board has adopted plans for construction of a new pipe line, penstock and turbine water wheel for the Whatcom Falls property owned by the city. Power at the falls will be increased so as to use it for a pumping station. City comptroller will advertise for bids for the work.

EVERETT, WASH.—Clay Allen, of Eital Bldg., Seattle, Wash., representing the Anoqualmie Light & Power Co., has been awarded franchise by the city of Everett for lighting that city for three years with electricity. Plant will be installed by March first.

VANCOUVER BARRACKS, WASH.—Bids are asked until 11 a. m., Dec. 30, for furnishing electric light fixtures, wattmeters and transformer for three buildings. Address Constructing Q. M.

PORTLAND, ORE.—The Cascade Power Co. has been incorporated to utilize the creeks and streams on Mount Hood for power purposes. E. R. Richardson and A. C. Churchill, of Portland, are among the incorporators.

The Banfield & Veysey Fuel Co. will erect a plant to furnish heat through pipes to the business district of the city. Estimated cost is $500,000.

UMATILLA, ORE.—The Umatilla Power Co. has been granted right-of-way for its pipe line through the Wenoka forest reserve and also site for power plant. Company will generate 700 HP. at lowest stage of north fork of Umatilla River. Cost of project estimated at $85,000.

SAN DIEGO, CAL.—The San Diego Electric Street Car Co. are planning a large new power plant here.

LOS ANGELES, CAL.—A. E. Poole, of Los Angeles, is said to be interested in plan to develop power and build a large power plant in southern California. Estimated cost is $800,000.

AURORA, ORE.—The town is planning to install a municipal lighting plant.

VISALIA, CAL.—The Mt. Whitney Power Co. will rebuild its entire system and power plant in this city next year, it is reported. An auxiliary steam plant may also be built. B. M. Maddox, Visalia, is Mgr.

VACAVILLE, CAL.—A company will lay a natural gas pipe line from Suisun to Vacaville, next year, it is reported by local newspapers.

RENO, NEV.—W. D. Arnett, of Reno, a mining engineer, has appropriated water on the Truckee River for power development. A dam will be built one mile below Vista. A $100,000 power and lighting plant will be erected next spring.

SALT LAKE CITY, UTAH.—The Grand Canyon Power Co., of Salt Lake City, has been incorporated with $100,000 capital stock. O. S. Buell is Pres.; H. M. Bowers, vice-Pres.; George Havecamp, Treas.; O. S. Buell, Secy. The company owns valuable water rights on Green River, diverted at a point a little more than seven miles up Green River from the mouth of Price River, where it is proposed to erect a power plant.

SALT LAKE CITY, UTAH.—Bids were opened Dec. 10 for construction of a brick and concrete conduit and contract was awarded to HAMLEY & RITCHIE, of Topeka, Kan., at $14,632.

Frank Y. Taylor, of this city, is contemplating the establishment of a large power plant near Salt Lake.

BOISE CITY, IDAHO.—The Boise City Gas Co. has decided to extend gas mains to every section of city not now covered. Cost, about $8,000. System will be extended to South Boise next summer.

VANCOUVER, B. C.—The British Columbia Electric Ry. Co., R. H. Sterling, Gen. Mgr., will at once erect a new gas holder which will increase its storage capacity by 150,000 cu. ft. Cost is estimated at about $25,000.

HAMILTON, ONT.—It is stated that about $100,000 will be expended at the start by the Canadian District Heating Co. in the construction of an electric light and power plant. Bids will probably be called for in March. Stewart & Witton, Hamilton, Ont., are Archs.

TORONTO, ONT.—The Northumberland Durham Power Co. has been incorporated to develop power at Healey Falls. W. J. Crossen is one of the incorporators.

BRIDGES.

The names of parties awarded contracts are printed in capital letters.

HAVERHILL, MASS.—Specifications have been completed by Geo. F. Swain, Engr., for the proposed bridge across the Merrimac River at this place. A copy was submitted to the city officials for suggestions previous to advertising for bids.

HYDE PARK, MASS.—The contract for constructing the superstructure of Glenwood Ave. foot-bridge has been awarded to M. F. McCARTHY.

NEW HAVEN, CONN.—It is reported that the committee on railroads and bridges has been considering a bridge for the proposed extension of Humphrey St. to Alton St., in this city.

MONESSEN, PA.—The AMERICAN BRIDGE CO., 42 Broadway, New York city, has received contract for the superstructure of the bridge for the Mercantile Bridge Co. over the Monongahela River at this place. The structure is to be a combined highway and street railway bridge.

PITTSBURG, PA.—Bids are asked by Lieut.-Col. E. H. Ruffner, Post-Office Bldg., until 10.30 a. m., Jan. 3, for the construction of the draw bridge across the back channel of the Ohio River at Brunot Island.

It is reported that a new bridge will be erected across the Youghiogheny River in 15th Ave. here at a cost of $150,000.

PITTSFIELD, PA.—The War Department has approved the plans for the 2,600-ft. bridge over the Cuyahoga River at this place for the New York, Chicago & St. Louis Railway Co.

WEBSTER, PA.—It is reported that the contract for the bridge across the Monongahela River at this place was let to the NELSON-BUCHANNAN BRIDGE CO., of Chambersburg, for $194,500.

McKEESPORT, PA.—The McKeesport & Port Vue Bridge Co. has been organized to construct a bridge over the Youghiogheny River here. W. L. Curry, of the McKeesport Tin Plate Co., can inform.

WASHINGTON, D. C.—A bill has been introduced in the House of Representatives by Representative Rixey, of Virginia, for the construction of a $5,000,000 memorial bridge across the Potomac River, from the old naval observatory grounds to the Arlington Estate.

HAVRE DE GRACE, MD.—It is reported that extensive improvements will be made on the Baltimore & Ohio Railroad bridge at this place.

RICHMOND, VA.—The city councils of this city and Manchester have united in the new bridge project as proposed to cross the James River. The cost will be $377,000.

WEST FORK, W. VA.—The West Fork Bridge Co. has been organized for the purpose of building a bridge over the West Fork River.

MOBILE, ALA.—Rudolph Benz & Sons, Masonic Bldg., have completed plans for steel and wood bridge 500 ft. long and 20 ft. wide spanning the Dog River.

KNOXVILLE, TENN.—T. J. Moreland, City Engr., has prepared plans for a viaduct across Asylum Ave., to cost about $35,000. The question of constructing this viaduct will probably be taken up next spring.

PORTSMOUTH, O.—Bids are asked by Fred N. Times, County Audr., until Dec. 26 for steel joists, etc., for roadway construction of the Scioto River bridge here.

CORRY, PA.—It is reported that the Wellman Mfg. Co., of Rochester, N. Y., will erect a new plant at this place for the manufacture of hardware specialties.

PALMYRA, PA.—It is reported that W. L. Kreider's Sons, shoe manufacturers, will enlarge the plant recently purchased from the Eagle Knitting Mills. It is stated that the intention is to equip the new addition with modern machinery for the manufacture of shoes.

CLAIRTON, PA.—The Carnegie Steel Co. has plans to erect an 18-in. merchant steel bar mill, with a capacity of 10,000 tons a month, at this place. Cost, $250,000.

PHILADELPHIA, PA.—WM. STEEL & SONS, 16th and Arch Sts., have received the contract for constructing a large bakery at 20th and Clearfield Sts. Complete power plant and machinery will be required.

MIDDLESEX, PA.—WM. B. SCAIFE & SONS CO., 221 First Ave., Pittsburg, Pa., has been awarded the contract for constructing the structural steel engine house for the Cherry Valley Iron Co. Size 50 × 50 × 100 ft.

ALLEGHENY, PA.—The Adams Express Company has awarded to BOYD & HUSE, AREY & CO., Fidelity Building, Philadelphia, the contract for its building on West Stockton Ave., Allegheny. The building will be a 2-story brick and stone structure with freight elevators and big offices on the first floor. Cost, $100,000.

BALTIMORE, MD.—We are informed that F. C. Wachter, 211 West German St., Baltimore, will erect an addition to his present steam pressing and drying plant. The addition will be 60 × 90 ft.

Plans are in progress for a 3-story factory building, 60 × 100 ft., for the St. Mary's Industrial School, on Wilkes Ave. The structure will be of stone and will conform in architecture to the other buildings of the group.

MORROW BROS. have received the contract for the superstructure of the 3-story factory building for Fred. Bergner & Co., Paca and Cross Sts. The factory is 149 × 149 ft. J. E. Sperry, 39 Builders' Exchange, Baltimore, is Arch.

JAMES F. FARLEY has been awarded general contract for the 6-story building at 108 West Fayette St., for M. D. Martin, of York, Pa.

NEWPORT NEWS, VA.—CUMMINGS BROS. have been awarded contract for the News National Bank building.

RICHMOND, VA.—Preparations are made for the enlarging of the American Locomotive Works to nearly double present size.

HUNTINGTON, W. VA.—It is reported that the American Car & Foundry Co., 30 Broad St., New York, will erect a plant at this place, costing $1,000,000.

HIGH POINT, N. C.—It is reported that O. Pitts is interested in the erection of a $250,000 concrete block factory at this place.

LEAKSVILLE, N. C.—It is reported that the German-American Co. will erect a new plant at this place. No further details.

GLASS, N. C.—Plans are in preparation for a cotton mill for James W. Cannon at this place. Power will in all probability be obtained from the Whitney works on the Catawba River.

LINCOLNTON, N. C.—It is reported that J. H. Rhodes is at the head of a company which is to erect a large mill at this place.

GRIFFIN, GA.—It is reported that the Central Mills Co. will expend nearly $100,000 in the erection of an addition to its present plant here.

BIRMINGHAM, ALA.—It is reported that Payne & Joubert, of New Orleans, La., will erect a new factory here for the manufacture of engines and machinery.

MEMPHIS, TENN.—It is reported that the Bartholomew Roofing Co. will erect a new building, 75 × 175 ft.

PADUCAH, KY.—It is reported that R. T. Morgan will erect a plant here for the manufacture of butchers' tools.

It is reported that J. J. Shepherd, of Pittsburg, Pa., will erect a flour mill at Paducah, costing about $100,000.

FREMONT, O.—It is reported that a company is being organized for the purpose of taking over the business of the Blue Cultivator Co., of this place. Plans are to erect a new factory building.

CLEVELAND, O.—The Engerine Co., Cuyahoga Bldg., is having plans drawn for a 1-story brick and steel fireproof oil refinery in this city. Cost is about $300,000.

FOSTORIA, O.—The Seneca Wire & Mfg. Co. has planned the erection of a new plant here for the manufacture of nails. R. Crocker is a director.

GRAND RAPIDS, MICH.—Plans have been completed for a 3-story fireproof cold storage warehouse for the Furniture City Brewing Co. Size, 30 × 100 ft.

TWO HARBORS, MICH.—GEORGE H. SPURBECK received the contract to build the steel car and tank shops for the Duluth & Iron Range Railway. The building will be 80 × 200 × 34 ft., frame, covered with corrugated iron.

WALKERVILLE, MICH.—It is reported that the Wolverine Reed Co., of Detroit, will erect a new chair factory here.

DELRAY, MICH.—The Monarch Coupler Company, Mackie and Crossley Aves., prepared plans and have let contracts for a steel casting plant to adjoin their factory, as follows: General contract, WILLIAM SMYTH & SON, Pittsburg, Pa.; structural steel, the RUSSEL WHEEL & FOUNDRY CO., Joseph Campau Ave. and Michigan Central Railroad, Detroit; cranes, the AMERICAN ENGINEERING CO., 827 Chamber of Commerce, Detroit.

DETROIT, MICH.—It is reported that the Prince Handle Mfg. Co. will erect a new factory here.

DETROIT, MICH.—Bids have been received by Chittenden & Kotting, 1325 Penobscot Bldg., for the erection of a plant for the Wayne Automobile Co. Plant will be three stories, 54 × 680 ft.; testing building, one story, 36 × 100 ft.; boiler and engine house, one story, 36 × 45 ft., and a smokestack 6 ft. diam., 80 ft. high.

Plans are complete for a plant for the D. H. Roberts Brass Co., 405 Campbell Ave. It will be 65 × 290 ft. Pollmar & Ropes, 23-24 Cleland Bldg., are Archs.

Plans have been completed by Rogers & Macfarlane, Archs., 1310 Penobscot Bldg., for a brick and concrete factory building for the National Cutlery Co. F. S. Staepel, 16 Atwater St., Detroit is Secy.

JOLIET, ILL.—The United States Steel Corporation, 71 Broadway, New York, will erect a blast furnace here, costing $1,000,000.

CHICAGO, ILL.—The American Can Co., 11 Broadway, New York, have plans in progress for its new 9-story factory and office building on Kingsbury and Illinois Sts., Chicago. It will be 110 × 300 ft., mill construction. The two upper floors will be used as offices. A power plant will be installed in the V at rear.

DECATUR, ILL.—It is reported that the Wabash Railroad will erect a large ice plant at this place.

MANLIUS, ILL.—It is reported that Frank May will erect a large grain elevator at this place.

CHICAGO, ILL.—Plans have been completed for the erection of a $600,000 grain elevator here by the Atchison, Kansas & Topeka Railway Co.

NORTH MILWAUKEE, WIS.—It is reported that W. & T. Avery, of Birmingham, England, will erect a new scale factory here.

A. D. Meiselbach, of Chicago, Ill., has purchased a site in this place where it is reported he will erect an automobile factory.

MILWAUKEE, WIS.—Harrison S. Green, 120 Wisconsin St., announces that the recently incorporated Welch-Estberg Co., of which he is a member, will build a plant for the manufacture of automobiles. The site has not been secured and plans have not been prepared.

SPRINGFIELD, MO.—It is reported that the Ozark Blast Furnace Co., of Kansas City, will erect a coke furnace here, with an annual capacity of 70,000 tons.

KANSAS CITY, MO.—Plans have been completed for the erection of an oil refinery and two tanks for the Kansas City Oil & Gas Co. at this city.

TEXARKANA, ARK.—Plans have been completed for a 2-story factory building, 80 × 250 ft., at this place. Cost will be $50,000. Oster Horn, Sixth and Carr Sts., St. Louis, Mo., is Arch.

PUEBLO, COLO.—It is reported that the Colorado Fuel & Iron Co., of Denver, will improve its plant to the extent of $10,000,000.

SEATTLE, WASH.—It is reported that the Hydraulic Mfg. Co. will erect a new plant here for the manufacture of water and gas pipe, and mining supplies. Cost, $100,000.

CORNELIUS, ORE.—It is reported that a new factory is to locate here. The establishment will manufacture baskets, ax handles and broom handles.

OAKLAND, CAL.—The Charles A. Waltz Safe & Lock Co., of San Francisco, has purchased a frontage of 254 ft. on Fifth St., between Chestnut and Adeline Sts., where a large factory is to be built.

MISCELLANEOUS CONTRACTS.

The names of parties awarded contracts are printed in capital letters.

FIRE ALARM SYSTEM.—Kokomo, Ind.—The city council has decided to construct an entirely new fire alarm system.

WHARF.—Fort Monroe, Va.—Bids are asked until 12 m., Jan. 8, for repairs to coal wharf here. P. C. Hains, Jr., Q.-M.

DITCHES.—Lebanon, Ind.—Bids are asked until Dec. 28 by Richard T. Pennell, Comr., for construction of three ditches in Boone County.

DITCH.—Iowa City, Ia.—Bids are asked until Jan. 3, 2 p. m., for excavation of a drainage ditch in sections 25, 35, 36. L. J. Baschnagel is County Audr.

SCOW.—Wilmington, N. C.—Bids are asked until noon, Jan. 15, for one 4-pocket bottom dump scow. Capt. R. P. Johnston, Corps Engrs. (Advertised, Engineering News.)

COAL WHARF.—Harrisburg, Pa.—The Pennsylvania Railroad Co. may erect a coal wharf in Harrisburg. It will be equipped with the latest coal-handling appliances.

WALL.—Cakland, Cal.—The Board of Works has awarded a contract to the PIEDMONT PAVING CO. to construct a rock wall along the Harrison Boulevard, at a cost of $5,100.

CANAL.—Montana.—It is reported that the WIDELL-FINLEY CO., of Mankato, Minn., has been awarded the contract for construction of the Glendive, Mont., irrigation canal. Bids were advertised in Engineering News on Sept. 28.

LOCOMOTIVES.—Colorado.—The Secretary of the Interior, Washington, D. C., has authorized the purchase of two electric locomotives for use in connection with construction work on the Uncompahgre Valley project, Colorado.

DAM.—San Leandro, Cal.—T. B. RUSSEL, a local contractor, has been awarded the contract for the construction of a dam in San Lorenzo creek, on the H. W. Meek estate. It will be constructed of concrete, and will cost about $8,000.

LEVEE.—New Orleans, La.—Bids are asked until 11 a. m., Dec. 26, for constructing about 261,000 cu. yds. of levee work in the Lafourche Levee district. Capt. J. F. McIndoe, Engrs., may be addressed at 3232 Prytania St., New Orleans, La.

COTTON HOSE.—Glasgow, Mont.—We are informed that this city is in the market for 1,000 ft. of cotton hose, 2½-in. St. Paul standard couplings; hose cart, with 7-ft. wheels; two 1-in. nozzles; coats, hats, axes, etc.; also chemical outfit for small town. A. W. Mahon is Cy. Engr.

DREDGE BOAT.—Onawa, Ia.—A. E. JOHNSON, of Sioux City, Ia., has been awarded the contract for building the dredge boat for the Ferris-Kessel Co., which has the contract on the Morrison-Harrison ditch, south of the Oliver lakes. The total cost of the dredge boat will be about $55,000.

TUNNEL.—Chicago, Ill.—Bids are asked until 11 a. m., Dec. 23, by Joseph M. Patterson, Comr. Public Works, for constructing a Portland cement concrete-lined water tunnel about 22,700 ft. long, including certain shafts. This tunnel is Section No. 1, Southwest Land Tunnel. (Advertised, Engineering News.)

VESSEL REPAIRS.—San Francisco, Cal.—Bids for the repair of the steamship Roanoke, which was badly damaged while trying to cross the Eureka bar, were opened on Dec. 9 at office of C. P. Doe & Co., San Francisco. The bid of Moore & Scott Iron Works, at $12,500 to repair the vessel, was the lowest received.

READERS' WANTS

Our readers, and others, who are in the market for supplies, machinery, etc., or to award contracts for work, will nearly always find the names of the firms who handle the material they want by referring to our advertising pages. Our advertisers are constantly changing their cards, and for this reason we advise our readers to look over the paper from the front cover to the back cover so as to keep in touch with up-to-date contractors' material, methods, etc. Mention Engineering News when writing our advertisers. If, however, you do not find advertised just what you want please write us at once and we will notify the proper firms without delay, and without charge.—Engineering News can help buyers.

AGRICULTURAL IMPLEMENTS.—Lake, N. C.—C. S. Green, of Lake, is reported in the market for mowing machines, etc.

ALUMINUM WIRE.—Monroeville, Ala.—T. M. McMillan is understood to be in the market for a quantity of aluminum wire.

DITCHING MACHINERY.—Scottsboro, Ala.—D. K. Caldwell, of Scottsboro, writes us that he wants the names of manufacturers of ditching machinery.

BRICK MACHINERY.—Charleston, W. Va.—Davidson Bros., Charleston, and the Macon Brick Co., 253 Third St., Macon, Ga., are in the market for brick machinery.

TRAVELING CRANES, CASTINGS, ETC.—Paterson, N. J.—The Fred Baker Co., 54 Vine St., writes us that it wants the names of firms handling traveling cranes.

STEAM SHOVEL.—Kettle Falls, Wash.—The Fruitland Irrigation Co., A. R. Squire, 135 Adams St., Chicago, Ill., and Kettle Falls, Wash., writes us that it is in the market for a three-quarter to one-yard steam shovel, traction engine, etc.

SANDSTONE BLOCK PAVEMENT.—Lynchburg, Va.—H. L. Shaner, Cy. Engr., writes us that as the council is considering the question of sandstone block paving, it is desired to get into correspondence with concerns handling such material.

SEWER TRAPS, COVERS, JACKS, BRACES, ETC.—Pentwater, Mich.—F. F. Wetmore, County Surv., writes us that he wishes to be placed in correspondence with firms who handle the above for sewer work, as the village of Hart, Mich., is planning a sewer system.

VACUUM SYSTEM.—Cleveland, O.—A. E. Cummer, vice-Pres., F. D. Cummer & Son Co., Cleveland, writes us that he wishes to correspond with a firm that manufactures a system by which a liquid can be drawn into a tank by vacuum, and then the liquid forced out of the same tank by pressure.

ARTESIAN WELL CONTRACTORS.—Greenville, S. C.—L. Y. Cox, of Greenville, writes us that he wishes to be placed in correspondence with reliable parties who dig wells.

CONCRETE MIXERS, AERIAL ROPEWAYS, ETC.—South Africa.—James Coolie, Engr. and Contractor, P. O. Box 342, Cape Town, South Africa, writes us that he will soon be in the market for concrete mixers, aerial ropeways, etc., for reservoir work. Catalogues giving capacity, prices, weight, etc., are wanted at once.

HOISTING APPARATUS, CRUSHING AND GRINDING MACHINERY, AIR COMPRESSORS, AIR TOOLS, ETC.—Toronto, Ont., Can.—The Roman Stone Co., 99 Marlboro Ave., Toronto, writes us that it is in the market for the above, and wishes catalogues at once. It is especially desired to receive catalogues from firms making electric hoisting apparatus.

ELECTRIC RAILWAY EQUIPMENT.—New York, N. Y.—We are informed that parties are wanting electric road equipment as follows: 25 miles of 60-lb. rail, with angle bars; ties, 8 ft. long; 1,000 round peel poles, 25 to 45 ft. high; brackets, 7 ft. long; trolley and feed wires, bonds, insulators, etc., for a 25-mile line, and also a 100-ft. drawbridge, single track, twin engine, 18 × 22 cylinders, 4-valve automatic, etc. Address "E. H. F.," care Engineering News, New York.

BOILERS AND ENGINES.—It is reported that boilers and engines are wanted by the following: Jas. A. Dezel, of Mt. Pleasant, Fla.; Bd. Bond Trustees, Jacksonville, Fla.; Navahd Rice Co., B. Brown, Pres., Houston, Tex.; Samson Mfg. Co., Samson, Ala.; Leesville Mfg. Co., Leesville, S. C.; R. S. O'Neal, Gurdon, Ark.; J. J. Hucket, Ashland, Ala.; Robt. Poynor, Franklin, Tenn.; D. E. Whitstone, Lake City, Fla.; W. E. Small Chain Co., Corinth, Miss.; Fulton Bag & Cotton Mills, Atlanta, Ga.; Macon Brick Co., Macon, Ga.; J. C. Hollingsworth, Mt. Airy, N. C.

RIPRAP STONE.—Washington, D. C.—Lieut.-Col. R. L. Hoxie, U. S. Engrs., Washington, has awarded contract for riprap stone to be delivered at Carter's Creek, Va., to CHARLES T. SMITH & SON (Potomac Stone Co.), 3218 K St., N. W., Washington, for $2.48 per cu. yd., measured on flat scows. Bids were opened on Dec. 4.

WHARF.—San Quentin, Cal.—It is reported that the Bureau of Equipment, of the Navy Department, Washington, D. C., will award a contract to SNARE & TRIEST, 143 Liberty St., New York, for the construction of a wharf at California City for the new coaling station, at a cost of $160,000. The Demayo Coaling Co.'s coaling machines will be installed.

CANAL LOCK.—Chicago, Ill.—Bids are asked until noon, Dec. 27, for constructing a canal lock, movable dams and fender wall. This work is part of the water power development now being made near Lockport, Ill., and is to be located near the power house now being built on Section No. 2. Zina R. Carter, Pres. Bd. of Trustees, Sanitary Dist. of Chicago. (Advertised, Engineering News.)

NAVAL SUPPLIES.—Washington, D. C.—Bids are asked until 10 a. m., Jan. 9, for furnishing at the naval station at New Orleans, La., and at Pensacola, Fla., Navy Yard, the following supplies: Schedule 290—Weather-proof wire, electrical supplies, fire extinguishers, railroad cross ties. Schedule 291—Bolts and nuts, yellow pine decking, slab zinc, shackels and swivels. H. T. B. Harris, Paymaster-Gen., U. S. N.

WHARF.—Charleston, S. C.—Bids were received on Dec. 1 for building iron pile wharf at Fort Moultrie, Sullivans Island, S. C., by Capt. G. P. Howell, U. S. Engrs. It is reported that the following bids were received: Simons-Mayrant Co., Charleston, $11,212, to be completed in four months; Atlantic Dredging Co., Philadelphia, $11,017, six months; Grant Wilkins, Atlanta, Ga., $17,945, six months; J. Edward Ogden, 147 Cedar St., New York, $15,938, six months; Dean, Schwiers & Sutton Co., 136 Liberty St., New York, $17,912, four months.

CANAL.—Washington, D. C.—The Secretary of the Interior has awarded contract to W. O. Morrison, of Denver, Colo., at $130,877, for the construction of schedules one and two, Interstate Canal, North Platte project, Nebraska and Wyoming. This contract is for the first structures on the canal, and includes concrete culverts, siphons, drops, flumes, wasteways, bridge abutments, etc., and furnishing ten combination highway bridges and 570,000 pounds of steel. The total amount of concrete is about 10,000 cu. yds., and the work is to be done along the line of the interstate canal from Whalen to Torrington, Wyo.

LUMBER, TIES.—Washington, D. C.—Bids were opened on Dec. 14, at the office of D. W. Ross, General Purchasing Officer, Isthmian Canal Comn., for lumber and hewn cross ties. The following bids were received: For 5,330,000 ft. B. M., of yellow pine lumber, various sizes: Panama Lumber & Trading Co., New Orleans, $149,986; Anguera Lumber Co., 235 Monadnock Blk., Chicago, $165,277; Wheatley Brothers, Washington, D. C., $183,295. Brown & Co., Brunswick, Ga., for 200 M. hewn cypress R. R. cross ties, 7-in. × 9-in. × 9 ft., per M., $1,075; for 50 M. same, per M., $987; for 100 M., same, per M., $1,025; for 200 M., hewn cypress R. R. cross ties, 7-in., × 9-in. × 8½-ft., per M., $945; for 150 M., same, per M., $987; for 100 M., same, per M., $1,025. William P. Cook & Co., 100 Wall St., New York, for 200 M. hewn cypress ties, 7-in. × 9-in. × 9-ft., per M., $870; for 50 M. hewn cypress ties, 7-in. × 9-in. × 8½-ft., per M., $840. George S. Baxter & Co., 17 William St., New York, for 200 M. ties, 7-in. × 9-in. × 9-ft., per M., $890; for 200 M. ties, 7-in. × 9-in. × 8½-ft., per M., $790. (These figures were probably reversed accidentally by bidder.) Panama Lumber & Trading Co., New Orleans, for 200 M. cypress sawn ties, 7-in. × 9-in. × 8-ft., per M., $1,470; for 200 M. cypress sawn ties, 6-in. × 8-in. × 8-ft., per M., $1,190.

DREDGING.—Philadelphia, Pa.—Bids were received by Bureau Yards and Docks, Navy Department, Washington, D. C., on Dec. 16, for dredging and filling at League Island Navy Yard. An appropriation of $77,000 is available for the work. This is the third time advertisements have been issued for this work, bids having been once rejected, and the second time no bids having been received. The following bids were received: Charles Vivian & Co., Islip, L. I., N. Y., 24.85c. cu. yd.; Henry Steers, 17 Battery Pl., New York, N. Y., 22.4c. cu. yd.; Bowers Hydraulic Dredging Co., 104 Market St., Camden, N. J., 44.5c. cu. yd.

U. S. POSSESSIONS AND CUBA.

The names of parties awarded contracts are printed in capital letters.

TIMBER.—Panama.—The Panama Canal Commission has awarded contract for 5,330,000 ft. B. M. of yellow pine timber to the PANAMA LUMBER & TRADING CO., of New Orleans, La., for $140,960. Bids were opened December 14th.

STEEL RAILS, ETC.—Panama.—Specifications will shortly be issued by the Isthmian Canal Commission for 5,000 tons of 70-lb. steel rails, with necessary angle bars. Also for a large order of miscellaneous supplies, including 5,350 switch ties of various sizes and 1,200 bars staybolt iron.

DREDGING.—Guantanamo, Cuba.—Bids are asked by the Bureau of Yards and Docks, Navy Dept., Washington, until 11 a. m., Jan. 20, for dredging at the naval station, Guantanamo, Cuba. Funds available, $40,000. Specifications are on file at office of Engineering News, New York. Mordecai T. Endicott, Ch. of Bureau.

MACHINERY.—Honolulu.—Bids are asked by H. D. Wishard, Chn. Bd. Supervisors, County of Kauai, Hawaii, until 9 a. m., Jan. 2, for roller, one rock crushing plant complete, two traction engines, one sprinkling cart, ten spreading dump carts for macadam, two graders. Copies of specifications may be had by addressing C. H. Sweetser, County Road Supervisor, Lihue, Kauai.

MONUMENT.—Manila, P. I.—It is announced that a public competition has been opened for designs for the erection of a monument to José Rizal, a Filipino writer and poet. Prizes of $12,500 and $5,000 are to be awarded for the two designs which are adjudged best. Particulars may be obtained from Señor Maximino M. Paterno, Secy. to the José Rizal Monument Commission, 162, Calle San Sebastian, Manila.

RAILROAD.—Alaska.—It is reported that the Alaska Central R. R. Co. has awarded contracts for rock excavation on an extension of 100 miles as follows: To RICH & HARRIS, a $300,000 contract for tunnel rock excavation; to WELSH & LARSON, Spokane, Wash., a $1,250,000 contract, covering 30 miles of rock excavation to be completed this winter. Preliminary surveys have been made to a point near Fairbanks, on the Tanana River, a distance of 463 miles from Seward. This company now operates 30 miles of line. A. C. Frost is Pres., 108 La Salle St., Chicago. W. B. Peland is Ch. Engr. and Gen. Mgr., Seward, Alaska.

ELECTRICAL EQUIPMENT.—Cuba.—The WESTINGHOUSE ELECTRIC CO., Pittsburg, Pa., has been awarded contracts, it is said, for the following: For the Sugar Plantation Co., of Jatimonico, two 300-HP. generators and two motors of similar capacity. For the Santos Jacito Sugar Co., of Guantanamo, a 200-HP. Westinghouse steam engine, a 200-HP. generator and a number of motors, with switchboard appliances. Two electric sugar plant equipments for the Obi Stillman & Co., of Havana, for factories near Limones. The Guantanames Company has contracted for electrical machinery for one of its factories, at a cost of about $75,000. The cost of all the electrical apparatus to be installed is about $200,000.

RAILWAYS.—Philippine Islands.—Bids were received on Dec. 15 by the Insular Bureau of the War Department for concessionary grants to be made by the Philippine government for the construction, maintenance and operation of railroads in the Philippine Islands. It is estimated that the railway lines to be constructed will aggregate about 1,233 miles. The Philippine government will guarantee for a period not exceeding 30 years the punctual payment by the grantee of interest at a fixed rate, not exceeding 4% a year, on first lien bonds issued by the grantee to an amount of 75% of the actual cost of construction and equipment. The points to be considered contemplate the lines of railway which a bidder will construct and operate without any guarantee; the rate of interest to be guaranteed; the duration of guarantee, and what percentage less than 95% of the cost of construction the bidder will accept. Speyer & Co., 24 Pine St., New York, offered to construct about 425 miles of railway in Luzon without guarantee, in connection with the existing Manila Railway Co., Limited, which now has in operation more than 200 miles. Morris McMicken, G. Greskens, G. Poncin, Jacob Furth and E. C. Hughes, of Seattle, Wash., offered to build 100 miles of railway in southern Luzon, designated in the circular as land No. 6. They agreed to complete the road in three years, instead of one year. Kean, Van Cortlandt & Co., J. G. White & Co., Charles M. Swift, with whom are associated Cornelius Vanderbilt, R. T. Wilson & Co., and the International Banking Corporation, offered to build 100 miles on Panay, 100 miles on Negros and 95 miles on Cebu. Their bid stated that the construction would be done by J. G. White & Co., 49 Exchange Pl., New York city. There was no competition for the concessions in northern Luzon nor in Panay, Negros and Cebu, and no bids were submitted for grants in Leyte or Samar. The bid of the Seattle contractors was for the proposed line in southern Luzon from Pasacao to Legaspi, with branches. This line also is included in the bid of Speyer & Co., the former asking for a gurantee, and the latter none. Speyer & Co. asked for concessions to build branches of the existing Manila & Dagupan Railway, and it is said that if the bid of Speyer & Co. is accepted it probably will result finally in the operation under one management of 633 miles of railway on Luzon. The bid of Speyer & Co. was for the line from Manila to Batangas and branches to Santa Cruz and to Lucena, the line from Dagupan to San Fernand and the line from Pasacio to Legaspi, with branches.

FOREIGN CONTRACTS.

The names of parties awarded contracts are printed in capital letters.

ELECTRIC RAILWAY.—Holland.—An electric railway is projected from Amsterdam to Iaandam and Koog.

ELECTRIC TRACTION.—Italy.—Large electric traction undertakings are at present being considered at Pisa and Livourne.

ELECTRIC INSTALLATION.—Austria.—The town of Feldkirch (Bregenz) intends spending 3,000,000 crowns for electric installations.

POWER STATION.—France.—The Societe des verreries réunies de Valterysthal et Portieux intends constructing at Portieux (Vosges) a central electric power station to be employed in all its works.

ELECTRIC STATIONS.—Italy.—A new company, with headquarters at Bologne, called the "Societa Esercizi riuniti di Emprese elettriche," intends constructing central electric stations at Urbino, Fi migrano, Forli and different other towns.

WATER SUPPLY, ETC.—Spain.—The Alcadia Constitucional intend applying for a loan of 2,500,000 francs with a view to carrying out certain electrical undertakings and for the purpose of obtaining a suitable system of water supply for Avila.

PLANT.—Belgium.—The Societe des Charbonnages du Hazard, Micheroux, intend constructing a large plant for the purpose of transporting power for the operation of its concession at Cheratte. This same company is at present considering several other important undertakings.

LEAD MINE.—France.—The Societe des Mines de San Antonio has been formed for the working of a lead mine situated in Spain, province of Ciudad-Real. The capital has been fixed at $80,000. The board of directors consists of: G. Auberty, Courbevoi (Seine); le Marquis de la Ferti-Senectere, rue de Varennes, 56, Paris; A. Raux, Rue Pierre l'Hermite, 3, Paris; Walfroy de Marcilly, Avenue de Clichy, 48, Paris. The company's headquarters are situated at No. 3 Rue Pierre l'Hermite, Paris.

ELECTRIC PLANTS, ETC.—Spain.—Casimir Pando Arguelles intends constructing a large electric station, and for this purpose has asked permission for the Government of Vizcaya to derive 436 litres of water from the Ochatearena, Orcochoste and other streams in the jurisdiction of Barrundia y Gamboa. The height of the fall will be 194 metres.—Domingo, Elizando & Co.,

of Navarra, have just been granted the concession of the Pamplona-Sanguisa electric railway.—The Societe Solvay & Co., Brussels, has requested permission through its representative in Spain to derive 300 litres of water per second from the Torrelavega.—Don Pabla Pradera y Astarloa has asked permission from the Public Works Dept. to derive 400 litres of water per second from the rio Pineda, Pineda de la Sierra. This force would be transformed into hydro-electric energy for different projects, which Mr. P. Pradera has in view.—The "Societe ananyme des Chemins de fer de Catalogne" (The Catalogue Ry. Co., Ltd.) has been formed at Brussels, for the purpose of acquiring and constructing in Spain and other countries railways, tramways, electric power stations, etc. The "Compagnie internationale de Tramways" has just granted to this company the concession of the Flassa-Palamos line, and the order for the material in connection with same.—The Societe de Tranvias de la Coruna, proprietors of the Coruna tramway system, intends increasing its capital from 500,000 francs to 1,625,000 francs in order to extend its lines at Puente de Monecio and at Burgo. At the same time it intends introducing electric traction on its systems.—Mr. Julio Dalsson-Dalsson intends constructing a large electric plant, and for this purpose has requested permission to derive 13,000 liters of water per second from the Rio Esra, commune of Campo.—Mr. Eugenio Paly Vives, representing Hipolito Maria Cipriano Ganzad, has requested permission from the Minister of Agriculture to derive 10,000 litres of water per second from the rivers Garona and Toran, in order to supply motive power for a paper mill which he intends constructing at Camilan.—The "Sociedad anonima Traccion electrica de la Loma" is the name of a new company which has been formed at Linares (province of Andalousie) for the purpose of constructing an electric tramway 27 kilos. long at Baiza and the agricultural district of Loma (Ubeda, Rus, etc.) The construction of the system nas been entrusted to the "Industria electrica," to whom offers are to be made.—Antonio Arroyo, of Santo Columbo de Curueno, intends constructing a large hydraulic plant. He will derive 5,000 litres of water from the rio Porno, territory of Lugan, for the purpose of supplying his turbines.

CONTRACT PRICES.

(Where (*) precedes items under Contract Prices the work was advertised in Engineering News.)

WATER-MAINS.—New York, N. Y.—Bids were received on Dec. 13 by the Department of Water Supply, Gas & Electricity, for furnishing and laying water-mains in Columbus and Ninth Aves., in 62d St., in Central Park West and in Central Park. The bids were as follows: (1) Continental Asphalt Paving Co., 42 Broadway; (2) E. Schroder, 141 Broadway:

Bids Received at New York, N. Y., December 13, 1905, by Department of Water Supply, Gas and Electricity, for Furnishing and Laying Water Mains, in Columbus and Ninth Avenues, 62d Street, Central Park West, and in Central Park.

Items.	Quantities.	(1)	(2)
Straight pipe	7,800 tons	$29.30	$32.80
Spec. castings	500 "	65.00	62.50
Rock excavation, without blasting	5,500 cu. yds.	5.00	4.00
Rock excavation	2,500 "	3.50	4.05
Masonry excavation, without blasting	1,000 "	3.50	4.00
Earth excavation	34,000 "	.80	.70
Filling and embankment	54,000 "	.10	.20

Granite block pavement on concrete founcation and tar and gravel or cement joints	250 "	2.00	1.50
Telford macadam pavement, driveway, bridal and foot paths	1,500 "	1.00	2.00
Pavement and flagging	19,000 "	.60	.20
Curb and gutter	2,500 lin. ft.	.20	.10
B. M. sheet piling and timber (exclusive of bed blocks and wedges) that may be left in the work by order of the engineer	10,000 ft.	40.00	40.00
Wrought iron or steel installed complete in place	6,000 lbs.	.05	.04
Totals		$520,282	$519,745

CIVIL SERVICE EXAMINATIONS

INSPECTOR OF HULLS.—Evansville, Ind.—U. S. Civil Service Commission announces an examination on Jan. 3-4, 1906, to fill a vacancy in the position of local inspector of hulls of steam vessels at Evansville, Ind., at $1,500 per annum, and vacancies as they may occur in the positions of local and assistant inspector of hulls in the Steamboat-Inspection Service throughout the United States.

SCIENTIFIC ASSISTANT.—U. S. Civil Service Commission, Washington, D. C., announces an examination to be held on Jan. 10-Jan. 11, 1906, to fill a vacancy in the position of scientific assistant in library science (qualified to translate French and German), at $840 per annum, in the Department of Agriculture, and vacancies as they may occur in that Department requiring similar qualifications.

STEAM ENGINEERS, ETC.—Albany, N. Y.—The State Civil Service Commission announces examinations to be held on Jan. 13, 1906, for the following positions in the state and county service: Assistant in Microscopy, Cancer Laboratory, Buffalo, $720; Steam Engineer and Assistant in State hospitals, departments and institutions in the county service of Albany, Erie, Monroe, Onondaga and Westchester Counties; Foreman of Fish Hatchery, $1,080; Inspector of Records and Accounts, State Board of Charities, $1,200 to $1,400; Milk Expert, Department of Agriculture, $800 to $1,000; Sanitary Agent, Department of Agriculture, $5 a day. Charles S. Fowler is Chief Examiner of Commission, at Albany.

INDUSTRIAL NOTES.

THE AMERICAN PRODUCTION CO., Reynoldsville, Pa., manufacturer of presses and shears for sheet metal and plate work, also manufacturer of light structural steel and sheet metal work, has been purchased by C. F. Dickinson, J. S. Beckwith and O. L. Schlumpf, of Pittsburgh. The company, a $300,000 corporation, was granted a Pennsylvania charter in April, 1904, and the business will be conducted under this charter, application having been made to have the name of the new company changed to the Pittsburgh Industrial Iron Works. The new company will manufacture and deal in engines, boilers and general contractors' and rolling mill machinery, in addition to a machine and general foundry trade, including brass foundry work. The plant consists of four fireproof buildings of steel frame construction with hollow tile walls, cemented tile roofing, metal window frames and steel doors. The foundry and machine shop are under one roof, the building being 75 × 275 ft., commanded by a 10-ton Northern Engineering Co.'s crane, the foundry containing a 10-ton Newton cupola. The main building is 65 × 309 ft., and will be used as a general shop and blacksmith shop and will be equipped with up-to-date boiler shop tools. Power for operating the machinery is furnished by one 275 KW. Westinghouse generator direct connected to a Buckeye engine. A 50 KW. Westinghouse generator furnishes power to operate the crane in the foundry. The power equipment includes two 150-HP. horizontal tubular boilers. The pattern shop is a fireproof building 25 × 50 ft., equipped with modern wood working tools. A 2-story building 26 × 40 ft. contains the works, offices and drafting rooms, the general offices being located at 1218 and 1219 Westinghouse Bldg., Pittsburgh. The plant is located near the DuBois blast furnaces, the Punxsutawney Iron & Steel Co.'s furnaces and the furnaces of the Kittanning Iron & Steel Mfg. Co. It is also within a few miles of the B., R. & P. Coke Ovens and has a coal mine about a half mile distant from the plant. Shipments can be made over the B., R. & P. or the B. & A. Y. R. R. C. F. Dickinson is President; J. S. Beckwith, Secretary and Treasurer; and O. L. Schlumpf, General Manager and Chief Engineer. Mr. Dickinson was formerly Vice-President of Thos. Carlin's Sons Co., Allegheny; J. S. Beckwith was General Sales Manager and Purchasing Agent; and O. L. Schlumpf was Chief Engineer and Superintendent of the same company.

THE NATIONAL DRILL & MFG. CO. announces that it has disposed of its road machinery and its earth-handling business to the Indiana Road Machine Co., of Fort Wayne, Ind., who will continue the manufacture and supply as may be needed of repair parts to the trade for the National reversible road machine, National elevating grader, National dump wagon, National rock crusher and accessories, National road roller. The Indiana Road Machine Co. has been engaged in the manufacture and sale of road-making and earth-handling machinery for many years. The Indiana Road Machine Co. announces that it has recently acquired possession of the business of the National Drill & Mfg. Co. relating to reversible road machine, elevating grader, dump wagon, rock crusher and accessories, and road roller.

THE CONTRACTORS' SUPPLY & EQUIPMENT CO., of Chicago, reports that during this year and up to Dec. 8 it has sold 589 Smith concrete mixers. A banquet was held on that date to celebrate the passing of the 500 mark. The first of these machines was made in 1900; 47 were sold in 1901, about 155 in 1902, 285 in 1903, 375 in 1904, and 589 up to Dec. 8, 1905. These figures do not include about 75 machines sold in foreign markets. At the banquet a silver loving cup was presented to Mr. T. L. Smith, President of the company and inventor of the Smith concrete mixer. The management gives great credit for the rapid success in putting this mixer on the market to the liberal use of the advertising columns of the technical and trade papers.

L. B. STILLWELL AND JOHN VAN VLECK announce the removal of their electrical and general engineering offices to 100 Broadway, New York.

JOHN F. ALLEN, New York, has announced that the only agents authorized to sell the Allen Riveting Machines are Joseph T. Ryerson & Sons, Scully Steel & Iron Co., Baird Machinery Co., A. B. Bowman, Berger, Carter Co., and the Fairbanks Co.

For other Proposal Advertisements see pages 43, 44, 45, 46, 47, 48, of Advertisements and Construction News page 216.

WATER-WORKS IMPROVEMENTS.

NOTICE TO CONTRACTORS.—City of Albany, N. Y., Board of Contract and Supply.

Sealed proposals will be received by the Board of Contract and Supply, at its office in the City of Albany, N. Y., until 3 o'clock P. M., Monday, January 15, 1905, for Contract No. 2, Improvement of Water Supply, for Pumping Engines at the Quackenbush Street Station.

The work consists in designing, constructing, erecting and maintaining for a period of one (1) year either one (1) or two (2) vertical, triple expansion, condensing, crank-and-fly-wheel pumping engines, with all appurtenances thereto. Each engine shall have a capacity of ten million (10,000,000) gallons per twenty-four hours against a total dynamic head of three hundred and fifteen (315) feet. The place of erection will be the Quackenbush Street Pumping Station, located at the corner of Quackenbush and Montgomery streets, in the City of Albany, N. Y.

Each bid shall be inclosed in a sealed envelope and delivered to said Board at its meeting held at the time and place aforesaid, at which meeting the bids will be publicly opened and read, and the award of the contract made as soon thereafter as practicable. All bids must be indorsed "Pumping Engines at Quackenbush [illegible] Station," with the name and place [illegible] ess of the bidder.

Drawings may be seen a[illegible] s of proposal, specifications, contra[illegible] bond obtained at the office of the [illegible] and Supply or at the Bure[illegible] Contract Supply, No. 25 Quackenbush Street, Alb[illegible] Y.

Proposals for the work m[illegible] made on the printed blank provided fo[illegible] purpose.

Each proposal must be a[illegible] ed by a certified check drawn upon [illegible] of National bank in the City of A[illegible] in the City of New York, for ten th[illegible] $10,000 dollars, payable to the orde[illegible] Treasurer of the City of Albany[illegible] check deposited by the bidder to w[illegible] the contract is awarded, shall be [illegible] if said bidder shall fail, within ten [illegible] days after such award, to execute the fo[illegible] contract and deliver the bond hereinafter required. The checks deposited by the unsuccessful bidders will be returned after the [illegible] of the contract.

The successful bidder, to whom the contract is awarded, will be required to execute a good and sufficient bond of indemnity of a duly authorized guarantee company to the amount of one-half (½) the amount of the contract as security for the faithful performance of all the covenants and agreements on the part of the Contractor contained in the contract and specifications, including one year's maintenance of the engine or engines as specified.

The guarantee company making such bond will be subject to the satisfaction and acceptance of the Board of Contract and Supply.

The right is reserved to reject any or all bids.

Dated Albany, N. Y., December 15, 1905.

ISIDORE WACHSMAN,
25-1t 1-1t Clerk of the Board.

REPRINTS FROM ENGINEERING NEWS FREE

The following short articles, which recently appeared in ENGINEERING NEWS, have been reprinted, and one of the reprints will be sent to anyone who will send us a few items regarding proposed construction work for noting in our news columns:
